CAPABILITY STATEMENT

Certified Small Business | CAGE: 6FCA2 | UEID: LBZKKN4LU333 | DUNS: 603843137

KEY DIFFERENTIATORS

Troymill Wood Products is among the Midwest's largest pallet and industrial lumber suppliers with 30+ years serving heavy industry, aerospace, and defense. Our proven track record with demanding industrial customers—steel, plastics, chemicals, food manufacturing—translates directly to the compliance, surge capacity, and reliability required for defense logistics operations.

CORE COMPETENCIES

- 80-acre inventory yard with 150,000 sq. ft. covered storage enables expedited delivery.
- 50,000+ pallets per week; 2.5M board feet/month lumber processing.
- On-site engineering for custom packaging design and prototyping.
- Custom wood pallets, crates, hardwood dunnage, blocking, hardwood & softwood lumber.
- In-house heat treatment kiln with ISPM 15 certification—no outsourcing delays.
- Advanced digital inventory management ensures order accuracy and real-time availability.
- Reliable, affordable solutions from project launch to surge, with 24/7 responsiveness.

MILITARY & FEDERAL READINESS

- ISPM 15 heat treatment & certified marking
- ANSI/MH1, MIL-STD-2073, MIL-STD-147E, ASTM grades capability
- DLA procurement and WAWF invoicing
- Set-aside and small business acquisition

COMPANY DATA

- Certified Small Business (SB)
- NAICS: 321920, 321912, 423310, 321113, 321999, 333248, 423840
- PSC: 55, 5510, 5530, 39, 3990, 81, 8115, 8140
- Accepts government credit cards
- 130 employees

GOVERNMENT CONTRACTS

- **DLA Contract (2025-26)**: 1,200 custom 48" x 144" sheet metal pallets for military logistics operations at Tinker Air Force Base.
- **U.S. Army Contract (2025-26)**: over 122,000 pieces of precision-cut hardwood lumber components to McAlester Army Ammunition Plant, supporting pallet assembly operations.
- **DLA Distribution Contract (2026)**: 3,120 hardwood pipe cradles supporting material handling operations at DLA Distribution Norfolk, VA.
- **USS Harry S. Truman (2026)**: Custom engineered cylinder handling racks for secure sling hoisting and forklift movement from carrier deck to pier, delivered to Naval Station Norfolk, VA.
- **USNS Charles Drew (2026)**: Produced several thousand precision-cut wooden magazine wedges with shipment to the MSC SSU BATS facility in San Diego, CA.
